(Adopted 1/1/2013; Revised 1/1/2016, 1/1/2025)

1.21 Electronic Filing Process.

Electronically transmitted documents must be both submitted to the court and accepted for filing by the court in order to be considered duly filed with the court in accordance with these rules.

(A) Date/Time of Filing.

A document may be electronically transmitted to the court at any time of the day. Acceptance of the document for filing with the court shall be deemed to occur (1) on the date the document was submitted to the court if the submission occurred during normal business hours of the clerk's office, and (2) on the next business day the clerk's office is open for business if the submission occurred after normal business hours of the clerk's office. For purposes of this section, normal business hours shall be 8:30 a.m. through 4:00 p.m., Monday through Friday, excluding court holidays. Nothing in this section shall limit the clerk's ability to reject filings.

(B) Receipt of Data.

Upon receiving a document submitted electronically for filing with the court, a Notice of Acknowledgment of Receipt shall be electronically transmitted to the filer. The Notice of Acknowledgment of Receipt shall confirm the date and time of receipt of the document by the court for review and filing. The clerk shall thereafter determine if the document is acceptable for filing with the court.

(C) Errors or Malfunctions in Submissions.

If for any reason the court does not receive an electronically transmitted document for submission and filing with the court, the filer will not receive an electronically transmitted Notice of Acknowledgment of Receipt of the document from the court. The filer shall be solely responsible for the accuracy of the information contained in the filing and for obtaining confirmation of the filing of the document by the court.

(D) Acceptance of Filing.

Documents electronically submitted to the court for filing may be reviewed by the clerk for required data elements. Upon acceptance of the document submitted for filing, an endorsed copy of the document confirming the date and time the document was in fact filed with the court shall be electronically transmitted to the filer. The confirmation of filing shall include the transaction number associated with the filing, the titles of the documents as filed by the court, and the fees (if any) assessed for the filing.

Superior Court of California, County of Sacramento

The court, in its discretion, may elect to automatically accept electronically filed documents. The court's system will electronically transmit an endorsed copy of the document to the filer confirming the date and time the document was in fact filed with the court. The confirmation of filing shall include the transaction number associated with the filing, the titles of the documents filed by the court, and the fees (if any) assessed for the filing.

(E) Rejected Filings.

If an electronically transmitted document is submitted to the court but subsequently determined to be unacceptable for filing, the clerk shall cause to be electronically transmitted to the filer a notice of rejection of the document for filing with the court. The notice shall set forth the grounds for rejection of the document. It shall be the responsibility of the filer to resubmit rejected documents, with appropriate corrections and any required filing fee, to the court for filing. The court will retain a log confirming the rejection of electronically transmitted documents.

(F) Confirmation of Submission.

The confirmation of submission, subsequent resubmission of rejected documents with corrections and/or fees, as well as the filing of documents with the court electronically is the sole responsibility of the filer. In the absence of confirmation of receipt and filing, there is no presumption that the court received and filed the document.

(G) Endorsement.

The clerk's endorsement of documents electronically filed shall consist of the words "Electronically filed by the Superior Court of California, County of Sacramento" followed by the date and time of filing and the printed name of the court clerk. Electronically filed documents so endorsed carry the same force and effect as a manually affixed endorsement stamp with the clerk's signature and initials.

(H) Payment.

All applicable filing fees shall be paid as a condition for electronically filing a document. Any applicable refunds shall be made in the same manner as fees were originally paid.

(I) Waiver of Fees/Costs for Party in Forma Pauperis.

The court will permit a party or attorney to file an application for waiver of court fees and costs, in lieu of requiring the payment of the filing fee, as part of the process involving the electronic filing of a document. The court will consider and determine the application in accordance with Government Code section 68511.3 and will not require the party or attorney to submit any documentation other than that set forth in Government Code section 68511.3. Nothing in this section requires the court to waive a filing fee that is not otherwise waivable.

(J) Signed Documents.

A party who electronically files a document represents that a signed copy of the document is in his or her possession or control. At any time after filing or service of an electronically filed document, the court, or any party to the action, may require the filing party to produce the signed copy of the electronically filed document. The demand shall be served on all other parties but shall not be filed with the court.

Superior Court of California, County of Sacramento

An attorney, electronic service provider or in pro per party appearing whose electronic mail address changes while an action is pending shall serve and file written notice of the change of address.

(Adopted 1/1/2013; Revised 1/1/2016)

1.22 Responsibility for Errors in Electronically Filed Data.

In those instances where a document is submitted for e-filing in conjunction with data imbedded in an XML header format (data which creates the filer's information utilized by the court for initial and subsequent filings), the data in the header will be presumed to be correct and may be imported into the court's database. The filing party shall be solely responsible for the accuracy of such data. In the event that an inaccuracy in the data is discovered subsequent to submission, any interested party may request that the data be corrected by filing a "Request for Correction" with the court. Such errors may be corrected without notice and shall not constitute an amended filing. There shall be no fee for filing a request for correction.
